COMPACT COOLER CC130

HIGHLIGHTS

- High cooling capacity
- High air flow
- Silent Operation
- Low operation cost
- Ozone friendly refrigerant
- Best ratio: Refrigeration capacity / power consumption
- Low cost of maintenance
- One year warranty
- Optional:
 - Roof heating
 - Reheat function

TECHNICAL DATA

	CC130
Max. Nominal Cooling Capacity (kW)	12.7 / 8.0 + 10%
Air flow evaporator (free-blowing, m³/h)	2040
Current consumption (12V/24V)	70A / 45A
Refrigerant (CFC-free)	R134a
Compressor (cm³)	160
Weight (roof top unit, kg)	42
Dimensions L x W x H (mm)	Evaporator - 1024 x 382 x 194 Condenser - 850 x 700 x 196
